

Species	Common name	Associated organism/Substrate
<i>Allophylaria basalifusca</i>		Quercus, midrib of rotten leaf
<i>Amanita citrina</i>	False Deathcap	Quercus, soil
<i>Amanita crocea</i>	Orange Grisette	Betula, soil
<i>Amanita fulva</i>	Tawny Grisette	Betula, soil
<i>Amanita muscaria</i>	Fly Agaric	Betula, soil
<i>Amanita rubescens</i>	Blusher	Betula, soil
<i>Ampulloclitocybe clavipes</i>	Club Foot	litter, soil
<i>Apioperdon pyriforme</i>	Stump Puffball	indet.decid, rotten stump, roots
<i>Armillaria lutea</i>	Bulbous Honey Fungus	soil
<i>Ascocoryne sarcoides</i>	Purple Jellydisc	Betula, decort fallen trunk
<i>Atheniella flavoalba</i>	Ivory Bonnet	grass, soil
<i>Auricularia auricula-judae</i>	Jelly Ear	Sambucus, dead fallen trunk
<i>Bolbitius titubans</i>	Yellow Fieldcap	grass, soil
<i>Boletus edulis</i>	Penny Bun	Quercus/Betula, soil
<i>Calocera cornea</i>	Small Stagshorn	Ilex, decort, decayed fallen trunk
<i>Calocera pallidospatulata</i>	Pale Stagshorn	Betula, decort fallen trunk
<i>Cantharellus tubaeformis</i>	Trumpet Chanterelle	Betula, soil
<i>Calycina claroflava</i>	Sulphur Disco	Corylus, dead fallen branch
<i>Ceratobasidium cornigerum</i>		Pteridium, decayed fallen stem
<i>Chalciporus piperatus</i>	Peppery Bolete	<i>Amanita muscaria</i> /Betula, soil
<i>Chondrostereum purpureum</i>	Silver Leaf Disease	Betula, dead fallen trunk
<i>Claviceps purpurea</i> s.l.	Ergot	grass, inflorescence
<i>Clavaria acuta</i>	Pointed club	soil
<i>Clavulina cinerea</i>	Grey Coral	Quercus/Betula, soil
<i>Clavulina coralloides</i>	Crested Coral	Fagus, soil
<i>Clitocybe fragrans</i>	Fragrant Funnel	soil, litter
<i>Clitopilus prunulus</i>	The Miller	Fagus/Betula, soil
<i>Colletotrichum lilacearum</i>		Hyacinthoides non-scripta, decayed fallen scape
<i>Coprinellus deliquescens</i>		Betula, rotten fallen branch
<i>Coprinellus micaceus</i>	Glistening Inkcap	indet.decid. rotten stump
<i>Cortinarius decipiens</i>		Betula, soil

Cortinarius hemitrichus	Frosty Webcap	Betula, soil
Cortinarius tabularis		Betula, soil
Cortinarius triumphans	Birch Webcap	Betula, soil
Cortinarius cf. brunneotinctus		Betula, soil
Cortinarius cf. umbrinolens		Betula/Quercus, soil
Crepidotus cesatii	Roundspored Oysterling	indet.decid. decayed fallen wood
Daedaleopsis confragosa	Blushing bracket	Betula, dead fallen trunk
Deconica horizontalis	Wood Oysterling	Fagus, decayed fallen branch
Diatrype quercina	Oak Blackhead	Quercus, dead attached branch
Entoloma rhodopolium s.l.	Wood Pinkgill	soil
Fomes fomentarius	Tinder Bracket	Betula, dead fallen trunk
Gymnopilus penetrans	Common Rustgill	Betula, rotten fallen trunk
Gymnopus erythropus	Redleg Toughshank	litter, soil
Hapalopilus nidulans	Cinnamon Bracket	Sorbus, dead fallen branch
Hebeloma subtortum		Fagus/Betula, soil
Hebeloma velutipes	Pale Poisonpie	Fagus, soil
Hymenoscyphus fructigenus	Nut Disco	fagus, decayed cupule
Hymenoscyphus rokebyensis		Fagus, decayed cupule
Hypholoma fasciculare	Sulphur Tuft	Fagus, decayed fallen trunk
Hypomyces chrysospermus	Bolete Eater	Bolete, fruitbody
Hypoxylon fragiforme	Beech Woodwart	Fagus, dead fallen trunk
Imleria badia	Bay Bolete	Fagus/Betula, soil
Inocybe geophylla s.l.	White Fibrecap	Quercus/Betula, soil
Inocybe lilacina	Lilac Fibrecap	Betula, soil
Inocybe napipes	Bulbous Fibrecap	Fagus, soil
Inonotus radiatus	Alder Bracket	Betula, dead standing trunk
Jackrogersella multiformis	Birch Woodward	Betula, dead fallen trunk
Laccaria amethystina	Amethyst Deceiver	Fagus, soil
Laccaria laccata	Deceiver	Quercus, soil
Laccaria proxima	Scurfy Deceiver	Betula, soil
Lactarius blennius	Beech Milkcap	Fagus, soil
Lactarius glyciosmus	Coconut Milkcap	Betula, soil
Lactarius quietus	Oakbug Milkcap	Quercus, soil

Lactarius tabidus	Birch Milkcap	Betula, soil
Lagarobasidium detriticum		Pteridium, decayed fallen stem
Leccinum scabrum	Brown Birch Bolete	Betula, soil
Leccinum versipelle	Orange Birch Bolete	Betula, soil
Leotia lubrica	Jellybaby	soil, moss
Lepista sordida	Sordid Blewit	fagus, soil
Marasmius hudsonii	Holly Parachute	Ilex, decayed fallen leaf
Microthyrium ciliatum		Ilex, rotten leaf
Mucidula mucida	Porcelain Fungus	Fagus, dead fallen branch
Mycena aciculata		Betula, decayed fallen twig
Mycena arcangeliana	Angel's Bonnet	indet.decid. decayed fallen wood
Mycena capillaris	Beechleaf Bonnet	Fagus, decayed fallen leaf
Mycena corynephora		Fagus, branch
Mycena epipterygia	Yellowleg Bonnet	moss, soil
Mycena galericulata	Common Bonnet	Ilex, decayed fallen trunk
Mycena galopus	Milking Bonnet	soil, litter
Mycena haematopus	Burgundydrop Bonnet	Fagus, buried wood
Mycena inclinata	Clustered Bonnet	Quercus, stump
Mycena olida	Rancid Bonnet	Quercus, mossy trunk base
Mycena pseudocorticola		Fagus, bark, dead fallen branch
Mycena pura	Lilac Bonnet	litter, soil
Mycena rosea	Rosy Bonnet	Ilex/Betula, litter, soil
Mycena vtilis	Snapping Bonnet	soil
Mycosphaerella punctiformis		Quercus, decayed fallen leaf
Nectria cinnabarina	Coral Spot	Betula, dead fallen branch
Panaeolus fimicola	Turf Mottlegill	grass, soil
Paxillus cuprinus		Betula/Quercus, soil
Paxillus involutus	Brown Rollrim	Betula/Quercus, soil
Phallus impudicus	Stinkhorn	soil
Phialina flaveola		Pteridium, decayed fallen stem
Phloeomana speirea	Bark Bonnet	indet.decid. dead fallen branch
Pholiota alnicola		Betula, soil/buried wood
Pholiota tuberculosa		indet.decid. thin fallen branch

Phloeomana hiemalis	Winter Bonnet	Betula, dead fallen mossy trunk
Piptoporus betulinus	Birch Bracket	Betula, dead fallen trunk
Plicatura crispa	Crimped Gill	Betula, dead fallen branch
Pluteus cervinus	Deer Shield	Fagus, rotten fallen limb
Pluteus petasatus	Scaly Shield	Betula, decayed fallen trunk
Postia tephroleuca	Greyling Bracket	Betula, dead fallen trunk
Psathyrella fibrillosa		indet.decid. rotten log
Psathyrella piluliformis	Common Stump Brittlestem.	Fagus, rotten fallen branch
Psathyrella tephrophylla		soil, woody debris
Rhizomarasmius setosus	Beechleaf Parachute	Fagus, decayed leaf
Rhodocollybia butyracea	Butter Cap	litter, soil
Rhodographus filicinus	Bracken Map	Pteridium, dead stem
Rickenella fibula	Orange Moss-cap	moss
Russula betularum	Birch Brittlegill	Betula, soil
Russula claroflava	Yellow Swamp Brittlegill	Betula, soil
Russula cyanoxantha	Charcoal Burner	Quercus/Betula, soil
Russula fellea	Geranium Brittlegill	Fagus, soil
Russula grisea		Quercus, soil
Russula heterophylla	Greasy Green Brittlegill	Fagus/Betula, soil
Russula mairei	Beechwood Sickener	Fagus, soil
Russula nigricans	Blackening Brittlegill	Quercus/Betula, soil
Russula nitida	Purple Swamp Brittlegill	Russula, soil
Russula ochroleuca	Ochre Brittlegill	Quercus, soil
Russula parazurea	Powdery Brittlegill	Fagus, soil
Russula vesca	The Flirt	Betula/Quercus, soil
Rustroemia firma	Brown Cup	Quercus, dead fallen branch
Scleroderma citrinum	Common Earthball	Quercus, soil
Stereum gausapatum	Bleeding Oak Crust	Quercus, dead attached branch
Stereum hirsutum	Hairy Curtain Crust	Quercus, dead fallen branch
Stereum rugosum	Bleeding Broadleaf Crust	Corylus, dead attached branch
Stereum subtomentosum	Yellowing Curtain Crust	Betula, dead fallen trunk
Stropharia semiglobata	Dung Roundhead	grass, soil
Suillellus luridus	Lurid Bolete	Fagus, soil

Tephrocycbe rancida	Rancid Greyling	soil
Trametes versicolor	Turkeytail	Betula, decayed fallen trunk
Tremella mesenterica	Yellow Brain	Peniophora sp. on fallen broadleaf branch
Trichoderma pulvinatum		Piptoporus betulinus, decayed basidiome
Tricholoma fulvum	Birch Knight	Betula, soil
Tricholoma sciodes	Beech Knight	Fagus, soil
Trochila ilicina	Holly Speckle	Ilex, dead fallen leaf
Tubaria conspersa	Felted Twiglet	twigs, litter
Tubaria furfuracea	Scurfy Twiglet	woody debris, soil
Typhula erythropus	Redleg Club	Fagus, decayed leaf litter
Xerocomellus cisalpinus	Bluefoot Bolete	Quercus/Betula, soil
Xerocomellus pruinatus	Matt Bolete	Fagus, soil
Xylaria carpophila	Beechmast Candlesnuff	Fagus, decayed cupule
Xylaria hypoxylon	Candlesnuff	indet.decid. decayed fallen wood
